

NAVAL ARCHITECTS

## CORPORATE PROFILE

Incorporated in 2000 in Singapore which is soon becoming the world's maritime hub, Seatech rapidly branched out into the region, establishing offices in Malaysia, Thailand, China, India, Bangladesh and Saudi Arabia.

SeaTech is rapidly evolving as a centre for marine and offshore expertise and it is our responsibility to share the knowledge and expertise that we have collected within the marine and offshore and related industries.

Our Corporate philosophy of "MOVE AS ONE" translates into forging long term partnerships with our clients and our associates, working as one strong team to provide better, cost effective and sustainable solutions.

### Job Description

The candidate will be required to do Lines Plan, Hull Fairing, Naval Architectural Calculations, Stability Calculations, General Arrangement, Space layouts, Resistance, Powering calculations and basis design calculations. The candidate will interact with Clients, Classification and Statutory bodies and Vendors in the process of design.

### Desired Profile

The candidate should be a B.E or B.Tech with minimum 3 years of experience in a Design office or Shipyard. He/she should be conversant with Ship Classification Rules and IMO Rules. Skills in ACAD, Naval Architecture Calculation Software are essential.

The candidate should have a minimum of 3 year's working experience. Fresh graduates can be considered as Trainee.
